

SEARCHING & SHOPPING

At JPP, we believe workforce development starts with dignity. We are seeking partners to help us equip local parents with the skills and confidence to embark on a new career path.

JPP's annual Searching & Shopping event bridges the gap between searching and hiring by offering comprehensive workforce support. From the perfect interview outfit to a polished resume and the confidence gained from a mock interview, your sponsorship empowers attendees to walk into their next opportunity ready to succeed.

By investing in this event, you are fostering the economic mobility and "whole-family success" that defines our community's future.
