## Happy Mother's Day from JPP!

Motherhood is a journey of boundless love, fierce commitment, and quiet strength, often carried in moments unseen. At Jeffco Prosperity Partners, we are honored to witness that strength every day in the extraordinary women who are not only raising children, but rewriting futures.

On this Mother's Day, we pause to recognize their sacrifices, celebrate their triumphs, and lift up their incredible stories.

To all the incredible mothers in JPP, women who lead with love, strength, and unwavering determination, we want to wish a heartfelt Happy Mother's Day. JPP moms are earning degrees, changing careers, and creating homes filled with support and possibility. They show up every day for their children, emotionally, academically, and financially, and are building futures rooted in love and stability.

We are so grateful to walk alongside these remarkable women and are endlessly inspired by their tenacity and resilience. To all the JPP moms: thank you for showing us what perseverance and unconditional love look like. ***You are the heart of our community.***

## Celebrating Moms and Community Voices

In honor of Mother's Day, U.S. Congresswoman Brittany Pettersen visited [Jefferson County Head Start](#) to hear directly from local mothers about the impact of programs like Head Start, SNAP, WeeCycle, and Medicaid. Programs like these provide resources that are critical to the well-being and success of families in our community.

The conversation, moderated by our partners at [WeeCycle](#), highlighted the real-life challenges of parenting while navigating systems meant to support economic stability and growth.

We are incredibly proud that several JPP mothers were among those who shared their stories. Their honesty, strength, and resilience added powerful depth to the conversation, reminding all in attendance why these programs matter. **We are so grateful to have the opportunity to lift up their voices and share their journeys with leaders who can make lasting change.**

## Honoring Big Dreams and Bright Futures

At Jeffco Prosperity Partners (JPP), we believe in celebrating every milestone, especially the moment a young person crosses the stage to receive a high school diploma. Graduation isn't just a ceremony; it's a powerful reminder of what's possible through perseverance, community support, and belief in oneself.

This year, we're thrilled to celebrate incredible JPP youth like Mariah, a high school graduate with big plans for her future.

Mariah shared, *"I'm most excited to explore the world and find myself!"* After graduation, she plans to attend college to study Early Childhood Education and Theater or Psychology.

Her advice to other JPP youth? *"There are a lot more tools that JPP can offer than you might realize. Reach out and ask them!"*

These stories remind us how important it is to honor each achievement and to continue surrounding our youth with encouragement and opportunity.

***Together, we are lifting up the next generation of leaders, dreamers, and changemakers.***
